Meeting Theme: Early Years – consulting with our youngest citizens

1. Welcome and Introductions

2. Presentations

Laban Toose - Principle of the Wyndham Park Primary School - Laban will present on the Community Connection Project that his school has been involved in for the past few years. The project involves 2 other local schools, the local kindergartens, Child Care Centers, MCH nurses and other organisations providing services to children and families in the area, working together to best meet the needs of the local children and their families.

Alex Price - Programs Officer Melbourne Museum Children's Gallery Redevelopment Project - Alex has been working on the Children's Gallery Redevelopment Project since 2014 and, was responsible for coordinating a consultation, testing and evaluation program with children providing direct input into the project.

Phoebe Rosehope and Jess O'Donnell- Gowrie Victoria - We will unpack the necessities for listening to children's voices to enable respectful and authentic outcomes. When a small idea is harnessed and offered the flexibility to grow the impact on individuals, small social groups and the community at large can be profound. This presentation will provide you with examples of how to engage our youngest members of society in discussion about the wider matters that affect them.

3. Information sharing
