

Connecting Communities
Strengthening Democracy

present

Acting together for a sustainable future: local government and community environment action and programs

- ✓ Keep track of local government and community action and interest in environmental sustainability
- ✓ Find out about emerging actions and programs
- ✓ Learn about what's happening on the ground, and
- ✓ Learn how to access sustainability and climate change resources and funds.

Topics and programs include:

- Sustainable Precincts, including Zero Emission Neighbourhoods, Armstrong Creek, and Smart Energy Zones
- Local government sustainability information & tools including the Utility Tracker, Best Practice Tracker, and the Sustainability Resource Locator
- Keep Australia Beautiful Victoria's programs - recognising and celebrating community actions at a grassroots level
- Greenpower trends and challenges, and
- The new Victorian Government Climate Communities website and grants program supporting local actions tackling climate change.

Speaker and biographical information to be provided on our website.
