How do we stay positive when climate and social change whirl around us?

Come along to the next Leading Edge Forum immediately following the AGM on 5th November when we will hear from our Guest Speaker—Adam Valvasori, Values Manager of Body Shop Australia.

Adam recently attended The Climate Project conference where he received exclusive training from Al Gore. During the past two years at the Body Shop, he has led campaigns against domestic violence, respect for Indigenous Australians, animal welfare, child sex trafficking, HIV and AIDS, human rights and climate change.
